Financial Methods of G. W. U. Attacked at Hearing.

PROPERTY DEAL EXPLAINED

Senate Committee Hears Arguments for and Against Proposed Amendment Extending Aid to Local Institution - Woman's Professional League Classes It Third-rate School.

Replying to the statement made before the Senate Committee on Agriculture yesterday by Dr. Elnora Folkmar that the George Washington University had loaned Dr. Charles W. Needham \$16,000 on property which had an assessed valuation of \$8,500, the president of the university last night said:

"The facts in this case do not warrant the statement.

"In the fall of 1906 the question of my compensation as president and professor in the law school was considered, and it was agreed that certain free money of the university should be invested in a house for the president.

price being \$11,500. This property had to be changed and repaired, the cost of such changes being estimated at \$3,500. Sixteen thousand dollars was appropriated for the purchase and refitting of the house. The property was purchased subject to a mortgage of \$2,500, maturing in one year, and the title was taken by the treasurer of for the repairs.

"After the work was begun it was discovered there was a tile sewer under the house, and that the plumbing could not be increased on account of the size of the pipes. It was necessary, therefore, to take out the old sewer and plumbing This involved a heavy additional expense. It was found also that the heating apparatus was defective and inadequate, and a new heating plant had to be installed, the result being that the repairs general assembly, Senator John W. Danon the house cost much more than had iel was to-day elected in separate session been estimated. After considering the to represent the State in the National the house in good order.

of the house amount to about \$21,500. After had not received, so it was declared dethis was done it was thought best that feated. the treasurer should convey the property moneys it had advanced.

"Whatever balance was left would go they are elected.

Dr. Harlan Explains.

Charles W. Needham attended the ses- tems in lieu of telegraph stations. tion since the present agitation began. decided upon. He explained the George Washington University was not a sectarian institution, and that Congres is not asked to ald the university by a subsidy, but it is asked to extend the Morrill act benefits to the young people of Washington.

The representatives from the university were not given an opportunity to resional Women's League because adjournattend the session of the Senate.

ACID DYSPEPSIA

Nervous People Are Frequent Sufferers from Too Much Hydrochloric Acid in the Stomach.

A Trial Package of Stuart's Dyspepsia

Tablets Sent Free. "Sour stomach," or acid dyspepsia is a form of indigestion in which entirely too much hydrochloric acid is secreted by the stomach. A sour taste in the mouth is the most common symptom of acid dyspepsia; and the saliva which is normally alkaliva. saliva, which is normally alkaline, is found, when tested, to be changed to acid, or just the opposite of what it should be and is a state of the secretion which causes rapid and extensive destruction of the teeth.

Everything eaten turns more or less sour in the stomach, but sweets and acid fruits are far worse in this respect than other foods. If the eructation of liquids from the stomach occurs spect than the recommendation of liquids from the stomach occurs, they have such an extremely sour taste as to set the teeth on edge. Hydrochloric acid is an important constituent in the gastric julce, but when too much of it is secreted, it does positive harm to the mucous lining of the stomach; and when acid dyspepsia is long continued it often sets up chronic gastritis, gastric ulcer, and other serious diseases. The premature loss of all the teeth has been caused by acid saliva, which was dependent upon the excessively acid condition of the stomach.

STUART'S DYSPEPSIA TABLETS, besides furnishing pure, aseptic pepsin to the stomach to dilute the excess of hydrochloric acid, and to digest proteids and albuminous foods very thoroughly, also contain bismuth subnitrate and calcium carbonate, which are antagonistic to the acid, and therefore neutralize the effect of the excessive amount of acid in the stomach, and the continued use of these tablets will change the perverted condition of the secretions to a normal state.

If you are suffering from "hyperchlor-hydria," as physicians term it or in other words, acid dyspepsia, and experience a sour taste in the mouth, with acid enuctations or heartburn, begin at once the use of Stuart's Dyspesia Tablets, using one or two after each meal or as well be received when the countries, not over one in each State, in grant of the bill providing for the improvement of Pennsylvania avenue from Bowen road to the District line.

CONGRESSIONAL BRIEFS.

The Senate Committee on Public Lands will not report favorably the bill prepared by Secretary Ballinger authorizing the Secretary of the Interior to make withdrawals of public lands in his discretion. The objection to the bill is that the power is already lodged in the President, in the opinion of the committee, and a majority of his colleagues.

A bill authorizing the payment of \$10,000 to Theodore Schroeter for injuries received while in the employ of the government on the Panama Canal was introduced by Senator Depew.

An experimental test of the parcels post on rural pepsia Tablets, using one or two after the mounts, not over one in each State, in grant the defendance of the surface of the surfa STUART'S DYSPEPSIA TABLETS.

sin at once the use of Stuart's Dyspepsia Tablets, using one or two after each meal, or as may be required and the same quantity at retiring time, for if this trouble is allowed to run on, it may cause serious organic changes in the stomach. There are cases on record where the lining of the stomach has been completely eaten away through perverted action of the secretions.

An experimental test of the parcels post on rural routes in ten counties, not over one in each State, is authorized by a joint resolution offered in the Senate yesterday by Senator Burnham, of New Hampshire.

Senator Frye introduced a bill yesterday providing for the volumtary retirement on 80 per cent of their salaries of letter carriers and post-office clerks who have reached the age of seventy-five and have been forty-five years in the service.

The President transmitted to the parcels post on rural field appeared and requested a brief hear-post of the declared that the Ballinger bill was unnecessary, because the power allowed to the ready existed in the President Roosevelt.

Both Senator Nelson and ex-Secretary Garfield took the view that it was wiser to adhere to the view that the power extended the president ransmitted to the Senator Servence on the secretary providing for the volumnary retirement on 80 per cent of their salaries of letter carriers and post-office clerks who have reached the age of seventy-five and have been exercised by President Roosevelt.

Both Senator Transmitted to the parcels that the Ballinger bill was unnecessary, because the power and the president ransmit the declared that the Ballinger bill was unnecessary, because the power and the president ransmit the second route is authorized by a joint resolution offered in the Senator S

through perverted action of the secretions.

Stuart's Dyspepsia Tablets have been dyspepsia, with unfailing success, so that no matter which form you may be suffering from, the quickest way to bring about a cure is through the use of these powerful stomach tablets.

Secure from your druggist a fifty cent box, and get cured of acid dyspepsia, or whatever form of indigestion you may be suffering. Also send us your name and address for free sample. Address F. A. Stuart Company, 150 Stuart Bldg., Marshall, Mich.

been forty-five years in the service.

The President transmitted to the Senate yesterday of state setting out reasons why the government should participate in two international expositions in commemoration of the fiftieth anniversary of the kingdom of Italy, which are to be held at Rome and Turin, respectively, in 1911.

The Senate Committee on Military Affairs reported favorably a bill increasing the representation of cades at West Point. As soon as a cadet finishes his third year, his successor is to be renamed, under the provisions of this bill. It is estimated that this change in the method of appointing will increase the number at the Academy from £33 to 710.

THE LOST PIPE.

Upon the joyous New Year's Day I threw my briar pipe away. I said, with conscious rectitude: "The smoking habit's base and lewd; it taints the breath and soils the teeth, and often stains the chin beneath; the smoker's tongue is badly seared, and he has clinkers in his beard; of nicotine he is so full no self-respecting cannibull would eat him raw, well done, or rare; and e'en his neckties and his hair, his hat, his breath, and trouserloons, suggest plug-cut and cuspitoons. And so I throw my pipe away, upon this gladsome New Year's Day; my friends no more will have to choke and wheeze in my tobacco smoke." Since then the days drag slowly on; it seems as though ten years have gone; I walk the floor the long night through, and, jealous, watch the kitchen flue-for it can smoke and hold carouse, and not bust forty-seven vows; the cookstove makes my vitals gripe, for it can use its trusty pipe. Thus far I've kept the vow I swore, but do not tempt me any more; don't talk of cabbage on the place, or flaunt alfalfa in my face! WALT MASON.

IMPORTANT NOTICE! Washington Herald Optimists Shou'd

Read This.

BY THE OPTIMIST.

Beginning with Sunday, February 6th, the Optimist will offer ten prizes of \$1.00 each for the best ten contributions from members of The Herald's Optimist Club.

These prizes will be given instead of the graded prizes which have heretofore been offered and competed for. This will enable ten members to receive prizes each week, instead of only eight, as previously.

The growth of the club has made it necessary to offer more prizes, since a much smaller percentage of the members were winning prizes each week, and we want every one to have a larger chance.

Then, too, the equalizing of the prizes puts all the winners on the same level of excellency, which is really a great help to those who award them-the difficulty in selecting the best was increasing each week. "Geniality" has been selected as

the topic for the coming contest. Contributions should be received by The Optimist not later than Wednesday, the 2d of February, This will not only be an attrac-

tive topic for bred-in-the-bone optimists, but will be the first chance to compete for the ten \$1.00 prizes. Ten names at the top of the

page, instead of eight! Remember, every one, whether a member or not, is eligible, providing he sends in an expression

On "Geniality." Later there will be further announcements of interest to optimists. A new line of subjects is to be taken up and discussed.

ISLAND PRINCE DINED PROBE BEGINS TO-DAY

Ballinger-Pinchot Inquiry Will Start with Glavis Present,

The joint committee of Congress on the nvestigation of the Ballinger-Pinchot ontroversy will begin its hearings to-day at 2:30 o'clock, and Louis R. Glavis will be called as the first witness.

This programme was decided upon at the meeting of the joint committee yesterday afternoon. The hearings will be held in the public hearings room in the Senate office building. After the testimony of Glavis, who was in Washington ing Hospitality - Bonds Between and at the Capitol yesterday, the commit-Two Nations Lauded by Kalania- tee will have four sessions each week on naole-Princess Responds to Tonst. Fridays and Saturdays, from 10 o'clock in the morning until I o'clock in the afternoon and from 2 in the afternoon until 5 o'clock.

This plan was agreed upon in view of the custom of the Senate and House to adjourn over from Thursday until Monday in order that the investigation will interfere as little as possible with the sessions of Congress.

The fact came out in the hearing yes terday that George Wharton Pepper, of Philadelphia, will appear as attorney for Gifford Pinchot, Overton W. Price, and party and of their pleasant sojourn, Alexander Shaw. In a letter to the committee, Mr. Pepper announced this fact and made mention of the fact that he had conferred with Joseph P. Cotton, of New York, and Louis D. Brandies, of Boston, attorneys for Louis R. Glavis.

Rumor His Statement Caused Slump Refuted.

MESSAGE A WARNING

After the Wild Tumbling of Prices in Wall Street, an Administrative Statement Is Issued Denying that a Trust-busting Campaign , Is About to Be Prosecuted.

According to men close to the administration yesterday, the slump in the stock market might have been avoided had attention been paid to what the President said in a recent message. It was contended by these men that the idea had gained currency among a good many business people who had read the message that Mr. Taft did not mean what he said, while others having big hardt, who told President Taft at the business interests had either read the message carelessly, or, having read or publicans of Minnesota were getting into heard of its contents, had overlooked its significance.

Since the message was delivered to Congress a lot of gossip has come to Washington from other places that Mr. Taft's policy toward the trusts was going to be exceedingly mild, and there is some reason to believe that talk of this reached the White House and served to
